CONDITION OF GUARANTY FUND

FUND LOSES HEAVILY IN COLUMBIA FAILURE AT OKLAHOMA CITY.

Guthrie, Okla., April 26.—The report became public Wednesday of the condition of the bank guaranty deposit fund, as made to the state bankers' association of Oklahoma by Arthur Young & Company, certified public accountants of Kansas City. The report covers all transactions relative to the guaranty from the time the law went into effect in March, 1908, until January 30, 1911.

After commenting on the looseness and unsystematic methods of the administration of the law as under the old board, the report continues:

"In the case of the liquidation of the Columbia Bank and Trust company, the treasurer issued his checks to the individual claimants on order of the bank commissioner and in December, 1910, was given one warrant to cover the total of such checks issued and debited with the total amount realized from the assets; during the interim from September 28, 1909, to December, 1910, the guaranty fund account in the treasurer's office showed a balance vastly greater than was in hand while the books of the banking board did not and could not show the condition of the funds."

The report shows that ten banks have failed, been liquidated, through other banks or been assisted from the guaranty fund. The failed banks were the Columbia of Oklahoma City, and the International bank and Trust company of Coalgate. Several of the banks, that have been recuperated from the guaranty fund still are in operation. The introductory says:

"In some cases the bank commissioners have taken charge; in other cases liquidation has been effected through other banks, special deposits being made therein or other assistance rendered; in other instances the bank has not liquidated, but special deposits have been made by the banking board. We do not pass upon the legality of the various methods adopted."

The report shows five different assessments were made on state banks average daily deposits to January 30, last, bringing into the fund a total of \$878,352.26, including interest on the fund. The cash balance on hand was \$36,292.97.

Disbursements Shown.

Under the head of disbursements a total of \$46,942.97 is given as "Balance to be accounted for." To an Oklahoma City detective agency, \$207 was paid; \$3,840 to W. A. Ledbetter of Oklahoma City, for attorney's fees and advertising, and \$830.45 to a collection agency. Forty thousand dollars has been loaned on the capital stock of a state bank; \$119,750 placed as special deposits in state banks that needed assistance, and \$665,306.54 was lost entirely in paying depositors of failed banks, and liquidating other banks. The Columbia failure has cost the guaranty fund \$606,780.34, while the Coalgate failure cost the fund nothing in the long run, according to the report. It cost the fund to liquidate three banks through the organization of other banks to take over the assets, the sum of \$16,900 in one instance, \$24,900 in another and \$16,600 in the third. Nothing indicates that any special deposit to assist banks has been paid back.

The report says that the board sold to a Chicago concern Columbia assets amounting to \$452,561 for \$225,000 leaving a loss charged to adjustment account of \$227,561, and in addition the board guaranteed the validity of all collateral.

Extracts are published in the report from letters written by the Chicago concern showing that different persons have denied the validity of notes bearing their names. When the Columbia failed it had not paid its last guarantee assessment of \$2,325.

The report gives a complete history of all bank failures so far as existing records will permit, and also of all data with banks liquidated and assisted.

F. C. Sims was a passenger to Roff this morning.

AMENDMENT LOSES HERE

COMPLETE RETURNS OF COUNTY SHOW MAJORITY OF 86 AGAINST AMENDMENT.

Complete returns from the election of Tuesday show that a total vote of 1,966 was cast in Pontotoc county and that the amendment lost 86 votes. In Ada the vote was 223 for and 54 against, and Stonewall also gave a heavy majority in favor of it, but elsewhere it had hard sledding.

At Price, Daggs, Sunshine, Lightning Rodge and Hart no election was held, it being impossible to find men to hold it.

If the country boxes in other counties voted as they did in Pontotoc, the amendment has probably lost.

A Pioneer Preacher in Town.

This morning Rev. R. W. Smith,
the pioneer preacher of the Indian
Territory, arrived en route for the
Fifth Sunday meeting at Center. In
point of service he is probably the
oldest Baptist preacher of the state.
He came to this section forty years
ago and has labored incessantly ever
since. He said he had preached on
the site of Ada when nothing was
here except a log house north of the
present site of the town. In course of
his work he ordained Rev. C. Stubble-
field, pastor of the Ada church. Mr.
Smith is 76 years of age, but is still
very active and appears to have the
prospect of several more years of
usefulness.

A GREAT SURPRISE

It is to the man who has his first

what a difference it makes in his ap-
pearance. The ordinary man finds
that the tailor makes him here and
gives him that "style" so sought for
by the swell clubman or man of the
world when we give him the stamp
of our artistic tailoring.

A LIBERAL OFFER.

We Guarantee to Cure Dyspepsia. If
We Fail the Medicine Costs
Nothing.

To unquestionably prove to the
people that indigestion and dyspepsia
can be permanently relieved and that
Rexall Dyspepsia Tablets will bring
about this result, we will furnish the
medicine absolutely free if it fails to
give satisfaction to any one using it.

The remarkable success of Rexall
Dyspepsia Tablets is due to the high
degree of scientific skill used in de-
vising their formula as well as to the
care exercised in their manufacture,
whereby the well known properties
of Bismuth-Subnitrate and Pepsin
have been combined with Carminat-
ives and other agents.

Bismuth-Subnitrate and Pepsin are
constantly employed and recognized
by the entire medical profession as
invaluable in the treatment of indi-
gestion and dyspepsia.

The Pepsin used in Rexall Dyspep-
sia Tablets is prepared by a process
which develops its greatest efficiency.
Pepsin supplies to the digestive ap-
paratus one of the most important
elements of the digestive fluid, and
without it the digestion and assimila-
tion of food are impossible.

The carminatives possess proper-
ties which aid in relieving the dis-
turbances and pain caused by undi-
gested food. This perfect combina-
tion of these ingredients makes a
remedy invaluable for the complete
relief of indigestion and dyspepsia.

We are so certain of this that we
urge you to try Rexall Dyspepsia
Tablets on our own personal guaran-
tee. Three sizes, 25 cents, 50 cents
and \$1.00. Remember you can obtain
Rexall Remedies only at The Rexall

Dr. Swope Makes Bond.

Kansas City, Mo., April 26.—Dr.
Hyde, under life sentence for the
murder of Thomas H. Swope, was re-
leased from jail today on a writ of
habeas corpus granted by seven
judges of the circuit court here. In
an opinion of the court en banc the
majority of evidence upon which the
physician was convicted was circum-
stantial and there was reasonable
doubt of the prisoner's guilt. The
opinion also takes into consideration
the fact that Judge Latschaw, the
trial judge once admitted Hyde to
bond.

This bond was revoked during the
trial of the murder case by Judge
Latschaw and Hyde committed to the
county jail. The court in the opinion
held that had the trial judge ac-
cused more deliberately he probably
would not have revoked the bond of
the accused. After reading the de-
cision bail was set at \$50,000.

It is stated today that Prosecutor
Conkling will demand that an early
date be fixed for the second trial of
Dr. Hyde. The date can be set next
Monday by the criminal court. "I'm
going to take my time on the case
and make every step sure," Conkling
said. "When the case is called in
the criminal court I shall be ready
to prosecute."

It is understood the attorneys for
the defense will ask a change of
venue from Judge Latschaw's court.

Some Fine Chickens.

M. Lingenfelter, one of the most suc-
cessful poultry raisers and truck
farmers of Pontotoc county, has just
made a valuable addition to his flock
of Rhode Island Reds. He and
Fletcher Reed received two fine young
cockerels this morning from a noted
farm in Iowa and have had them on
exhibition for several hours. The
birds are very fine lookers and are
about as expensive as any brought
to this county, costing as they did a
total of \$22.13.

Defaulting Manager Captured.

McAlester, Ok., April 27.—A tele-
gram received here yesterday by W.
B. Anthony from a captain of de-
tectives in Chicago announced that
R. W. Hinds, formerly manager of the
Herald-Democrat, had been
caught there and to send the war-
rant by wire. On receipt of the tele-
gram Mr. Anthony went before Jus-
tice Brooks Fort and filed a com-
plaint charging Hinds with appropri-
ating to his own use \$921 of money
the property of the McAlester Pub-
lishing Company.

Will Enforce Property Values.

Oklahoma City, Ok., April 26.—
State Auditor Meyer, secretary of the
State Board of Equalization, is mail-
ing to County Commissioners a let-
ter calling their attention to resolu-
tions of the state board with refer-
ence to the assessing of property on
the full value basis. The secretary
states that it is the board's intention
to see that the law is complied with
and that if property is sent to the
board on short valuation the assess-
ment rolls will be returned. Secre-
tary Meyer calls attention of Com-
missioners that increasing of values
not necessarily increases the burden
of taxation, as levies should be cor-
respondingly decreased.

THE HARRINGTON PAVILION THEATRE

Another capacity house filled the
canvas last night at this popular re-
sort to witness a dramatization of
Marie Correll's novel Fabio Roman-
la and the general verdict was that
a better performance was never seen
in Ada. Miss Beatrice Harrington as
Nina was at all times superb and
her emotional acting in the final
scene where her wronged husband
condemns her to be entombed alive;
her pleading for freedom, her en-
treaties for her life and the last vain
appeal which dethrones her reason
was acting of a high order. She
completely captured her audience.
Mr. Ernest Harrington as Fabio was
more than equal to the requirements
of an exacting role. Mr. Geo. Merri-
dith as the false friend fully realized
the part. The supporting company
was above the average in every way.
The LaPearl sisters in their rural
specialties caught the audience and
kept them in incessant laughter. The
band and orchestra is composed of
first class musicians who render very
catchy music. Tonight a superb
scenic production of that old time
moral drama "Uncle Tom's Cabin"
will be given with Beatrice Harring-
ton in her popular character of Topsy
showing her great versatility.

The company carries a complete
equipment of special scenery for this
production with special attention to
every detail. Remember only two
nights more to enjoy this meritorious
company.

BOLD ROBBERY IN CHICAGO

Chicago, Ill., April 26.—Four ar-
med robbers drove up to the jewelry
store of Edward Alberti, No. 124
Milwaukee avenue, at 10 o'clock this
morning in a limousine car, which
they had stolen on the South Side
compelled nine people to lie face
downward on the floor of a rear
room, bound them hand and foot
with pieces of clothes line and
escaped with jewelry and money
amounting to \$20,000.

Edward Alberti, son of the owner
of the store, and Samuel Schmidt, the
manager were standing behind a
showcase in the front part of the
store when the four men in an auto-
mobile stopped in front of the place.
One of the men remained and the
other three entered the store, drew
revolvers and compelled Alberti and
Schmidt to walk into a rear room,
which is used as a stock storeroom.
When nine people had been tied,
the two robbers, who had been work-
ing in the front of the store, opened
sliding blinds inside one of the front
windows and took out two trays, each
containing twenty-eight diamond
rings.

One of them called to the man who
had been calmly sitting in the auto-
mobile in front of the store and he
went inside. The fourth remained on
guard in the back room. Two of the
robbers gathered up the jewels from
the trays and the other went to the
safe.

The outside doors of the safe were
opened and the robbers pried open
the inner doors with a steel bar.
From the safe the robbers took \$500
in cash and several watches.

Edward Alberti Jr., the son, tried
to free himself, but the robber who
was guarding him struck him on the
head with a revolver.

Then the bandits carried their
plunder out to the automobile and
fled.

Mrs. Krieger visited the wharf where her parents with a family of eight children landed in 1870. It didn't look natural as the Arkansas river was very low. O. yes, it could float a skiff.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. THIRTEEN WORKING ON COUNTY ROAD

This morning Constable Joe Foster, who is guarding the crew of county prisoners on the road between Roff and Vancoss, took as recruits to his force Earl Rice, Andy Blevins, G. Blevins, and Byron Estes, all under conviction for bootlegging. This makes a total of thirteen on the road at present.

J. E. Sweetman and J. D. McElroy, also under conviction for bootlegging, were given a hearing this morning and by agreement they were released for the present but may be called upon a little later for further hearing of their cases. Both men have completely reformed and have settled down to farming, a fact that has changed public sentiment largely in their favor. It is never too late for a man to mend his ways and the public is inclined to meet a man on half way grounds when he shows a disposition to do right.

As a result of the activity of the county officers there are at present twenty-eight persons either in jail or on the road. Ten of these are for felonies and the remainder for misdemeanors, principally bootlegging.

CHURCH COMMENDS REV. O. E. FOWLER

Ada, Okla., April 26, 1911. Rev. O. E. Fowler has been pastor of the Second Baptist church of Ada, Oklahoma, for sixteen months. He has tendered his resignation to take effect May 1st. As a Church we wish to express our appreciation of his work. Our church has been very much strengthened numerically, spiritually and financially. Having doubled in membership, liquidated its debt and added new pews. Our prayer meetings, Sunday school and Ladies' work have all been vitalized to a great extent.

We cheerfully recommend him to our people wherever he may be called to serve.

GAS FLOW AT DOLBERG INCREASES

While in town Wednesday Porter Jones of Dolberg stated that since the discovery of gas and oil in that vicinity every foot of ground, except Dolberg itself, had been leased for oil and gas. Land values have mounted skyward and very little of it can be had at reasonable figures. Mr. Jones stated that the encouraging thing about the gas flow is the fact that it grows stronger instead of weaker. It burns with a flame about ten feet high, a quantity which if taken care of, would furnish lights for quite a number. A thorough test of the field will soon be made and it will not be many months until it will be definitely known what there is in the Dolberg field.

City Bakery Installs Dough Mixer.

R. G. Knott, proprietor of the City bakery on 12th street, has just installed a Day dough mixer which he will hereafter use in the manufacture of his bread. This machine is a great time saver and enables the baker to mix his dough evenly and without lumps in it. It is also a splendid sanitary concern.

The readers of this paper will notice the ads of the bakery in this issue.

Don't forget to read the ad of Gu-bin-Barack Co. in this issue.

Organizing Cotton Clubs.

Vinita, Ok., April 26.—Prof. J. W. Wilkinson of the State A. & M. college has visited Craig county and organized Boys' and Girls' Clubs at Welch, Blue Jacket, Big Cabin and other points. Several of these clubs will try cotton growing for the first time and the experiment will be watched with interest. Cotton has been grown successfully at some places in some of the southern counties of Kansas, and apparently there is no reason why the experiments in Craig county should not be quite successful.

No lumps found in machine made bread at the City Bakery. 19-dti

We Are Cranks On Good Lumber

Yes, we know the price cuts a big figure. And you'll find prices nowhere lower than right here. But at the same time, we believe that it always pays to give a man just a little bit better than he actually pays for, a little better than he can get anywhere else for the same money. And we've won out by sticking to that policy, too.

There's a mighty big difference in the quality of material that goes by the same name. If you want the best at the same price you would pay for inferior stuff elsewhere, buy from us. We'll protect you in both quality and price. We are cranks on quality.

IN THE SPRING EVERYONE NEEDS S.S.S.

Spring is the season when the blood is weakest, and our systems least responsive to the demands of nature. It is the time of fickle appetites, poor digestion, lack of energy, bodily fatigue, and many other systemic disturbances which warn us that we need a tonic.

Everyone who needs a tonic needs a blood purifier, for it is the weakened and impure condition of the circulation that is responsible for the run-down constitution. A great many so called tonics are mere nerve stimulants, often producing instantaneous exhilarating effects, but acting with decided injury on the system later. If your system is weak and depleted you can only tone it up by supplying an increased amount of nourishment, and this can come only through pure, rich blood. Any tonic which does not purify the blood is dangerous, because it leaves the impurities in the circulation to constantly prey upon the health.

S. S. S. is the greatest of all tonics because it is the greatest of all blood purifiers; and it is the one medicine you can rely upon to supply the system with the best tonic effects and at the same time thoroughly purify the blood. Everyone needs S. S. S. in the Spring, because by building up the system now they may avoid serious illness later on. Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect with a spell of debilitating illness. S. S. S. is nature's ideal tonic; made entirely of healthful roots, herbs and barks. It tones up the stomach and digestion, and contributes to strong, robust health. S. S. S. is for sale at drug stores.

S. S. S. has been used extensively in our family as a Spring tonic, given to both young and old, and always with the best results. It thoroughly cleanses the blood of all impurities, at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children as a tonic, and found it to be non-injurious to the system and always capable of purifying the blood and restoring health.
MRS. CLARA DAUBERT.
Schuylkill Haven, Pa.

My blood was weak and impure last Spring, and I was troubled with a general letting down of the system. Under the fine tonic and blood purifying effects of S. S. S. my appetite improved, I increased in strength and weight and my blood was restored to its normal healthy condition.
